Paper Enterprises, Inc. Celebrates 50 Years In Business

paper enterprises, inc. a leading food service disposable and janitorial products "supplier and consultant" in the greater New York metropolitan area is marking its 50th anniversary this year.

Founded by Herb Sedler in 1961, and currently operated by Herb's son Jordan, **paper enterprises, inc.** employs more than 100 people, operates a fleet of 20 trucks and utilizes two Bronx warehouses totaling 230,000 square feet. The company serves customers from Philadelphia to New Haven across numerous business sectors including real estate, facilities management, hospitality, food service, health care, recreation, financial services and government. In addition to supplying its customers with thousands of food service disposable and janitorial SKUs from more than 90 manufacturers, **paper enterprises inc.**, acts as a valued advisor helping customers reach their goals.

The company's expertise includes supply chain management, environmentally sustainable products and practices and cleaning and infection control programs. In addition to maintaining a sales and service staff of 25 professionals who cumulatively have over 200 years of experience creating value for customers, **paper enterprises, inc.** has a LEED Accredited Professional on staff and an integrated data management program all of which allow the company to function as a strategic partner with manufacturers and customers facilitating communications channels for critical information.

Since 1969, **paper enterprises, inc.** has been an active member of Network Services Company, a member owned international organization that provides distribution services to global accounts. Herb Sedler served as Network Chairman from 1975 to 1977 and was awarded Network's prestigious Meritorious Award in 1978.
